

Get Mettle and FreeAgent for free

Mettle by NatWest is a free business bank account for small businesses that gives you access to FreeAgent accounting software for free.

Top tip

Having a separate bank account for your small business makes it easier to organise your finances and monitor your cash flow in real time.

Why Mettle

Mettle is the free mobile business account by NatWest that provides small businesses and self-starters with the resources they need to start, run and grow their business.

Mettle is completely free and you can apply in minutes. Check if you're eligible for a Mettle account.

Why FreeAgent?

FreeAgent is easy-to-use accounting software with all the features you need for your small business. Time-saving automation features and a personalised tax timeline help you stay on top of your finances, while the mobile app helps you take care of business while you're on the go.

Get started with Mettle

1. Download the app from the [iOS App Store](#) or the [Google Play Store](#) or [apply online](#).
2. Go through the Mettle account application process. It should only take a few minutes.
3. Let your accountant or bookkeeper know your account number and sort code once your Mettle account is open and they'll take care of setting up your free FreeAgent account.
